Berrybank Stage 1 Wind Farm

Community Update

Community Projects:

- **Corangamite Shire:** Berrybank Stage 1 Wind Farm has provided funding to Corangamite Shire Council for **fifteen community projects** during the construction phase.
 - ✓ Nine out of the fifteen projects are now complete: Darlington Hall Re-roofing, Brown's Water Holes Redevelopment, Lismore Public Art Project on the Water Tower, Lismore Swimming Pool Wet Deck, Glenormiston South Hall Upgrade, Energy Efficiency Program Phase 1, Northern Towns Tourism Strategy, Camperdown Botanic Gardens and Arboretum Tree Succession Plan and the Camperdown Theatre Upgrades.
 - ✓ The remaining projects that have been funded by Berrybank Stage 1 Wind Farm are either in progress or still in planning stages: Terang Lake Project, Skipton Changerooms Redevelopment, Bradvale Hall Upgrades, Energy Efficiency Program Phase 2, Skipton Public Art Project, and the Derrinallum Changerooms Redevelopment.
- **Golden Plains Shire:** Berrybank Stage 1 Wind Farm has also provided funding to Golden Plains Shire for **four community projects**.
 - ✓ The 4 projects that have been funded are: Teesdale Turtle Bend Reserve Upgrade (majority of works are complete including upgrading public toilets and installation of new half basketball and netball court, with the remaining works replacement of the foot bridge and carpark upgrade to be complete soon), Three Trails Project (audits of Trails have been completed which will set out the scope of works), Golden Plains Economic Development, Tourism & Investment Attraction Strategy (currently being quoted), and Streetscape Improvement Projects (currently being quoted).

Commissioning Update

During March, we have seen the installation of the 43rd and final Wind Turbine Generator, marking the completion of the installation phase of the Berrybank Stage 1 Wind Farm. Once the Mechanical and Electrical teams have completed the internal works on the turbine, it will join the other 42 turbines currently under commissioning phase in preparation for full power generation.

Berrybank Stage 1 Wind Farm commissioning is nearing completion through the testing of the turbines, on-site and off-site substations, as well as transmission lines into the Victorian Grid, with a testing of up to 122 megawatts of power which saw up to 29 turbines operating at one time.
